COMPETITIVE POSITIONING

What Makes Us Different (Unique Selling Points)

Daily Practice, Not Just Lessons:

Students speak, listen, and interact with English every single day — not just attend a class and leave.
Only one day off per week (Friday), which makes progress much faster.

Affordable + Valuable:

Our prices are lower than many competitors, yet we offer more interaction and support.
We even offer a money-back guarantee if the student doesn't feel progress — that builds trust.

Job Support for Teachers:

We don't just train English teachers — we help them get jobs after the course.
That's a big pain point we solve for a group that many others ignore.

Customized Learning & Real Feedback

Students are grouped based on level, matched with the right teacher, and guided with real follow-up — not a “one-size-fits-all” system.

Strong Human Connection

Direct, daily communication between students and trainers.
Parents and learners feel part of a supportive community, not just a number in a system
